

SYSTEM OF INDEXING

EXPLANATORY NOTE

All the maps described in this catalogue are entered in the Tabular Index which follows. They are arranged under the names of the cartographers and engravers if one or both of these are known, but in each case where this information is doubtful or not known, the name of the publisher, etc., is used.

This Index shows at a glance the life of each particular map, its various editions, its different forms and the works in which it appeared.

Particular attention is drawn to the dimensions, which are of the map detail only, and do not include any portion of the border. The first measurement is always from left to right. Attention is also drawn to the reference numbers, which are those of the entries in the catalogue.

A supplementary Index to the authors, printers, publishers, publications and collectors appears on pages 213 to 216.
